Dear Faculty/Staff Fulbright Committee,

Thank you so much for your assistance this month with the Fulbright U.S. Student Program. We successfully submitted 20 applications this year! This would not have been possible without your encouragement, support, reading, writing and interviewing. The list of semi-finalists will be announced at the end of January, and finalists are normally announced in April.

Have a great rest of the semester and I look forward to being in touch soon.

Sincerely,
Kari
